Consent to Treat/Assignment of Benefits/Acknowledgements	
I hereby authorize and consent to treatment/services for myself, or on behalf of the above-named patient performed by the staff at BreakThrough Physical Therapy (BTPT) and/or as directed by my referring provider. I understand that I have the right to ask and have any questions answered prior to receiving any treatment, including risk or alternatives to the recommended treatment plan. I assign payment for these services directly to BTPT. I authorize the filing of claims to my insurance plan and authorize BTPT to release necessary health information related to these services to process the claims. I certify that the information I have provided is accurate and complete. In signing this form, I will promptly pay any required co-pay, coinsurance and/or deductible amounts. I accept that insurance plans may deny payments for what I believe were covered services, resulting in my responsibility for paying for these services. I acknowledge that I have received the Notice of Privacy Practices, which describes the ways the practice may use or disclose my healthcare information. I understand that my healthcare information may be used for treatment, payment, healthcare operations and other permitted uses or disclosures as described in the Notice.

Cancellation/No Show Policy and Fee Acknowledgement	
It is the policy of BTPT to monitor and manage appointment no-shows and late cancellations. Regular attendance at therapy sessions is crucial for you to recover fully and return to the activities you love. When an appointment is missed, it's a missed opportunity for progress in your recovery, and it impacts our ability to accommodate other patients who may need urgent care.	
If you need to cancel or reschedule, please call the clinic.	
Scheduled appointments must be cancelled or rescheduled at least 24 hours prior.	
Failure to attend your appointment without 24-hour notice may result in a fee of \$50 that will be charged directly to you as the patient (not insurance) for each instance of a missed appointment.

INFORMED CONSENT FOR PELVIC FLOOR MUSCLE EVALUATION AND TREATMENT

Patient Name: _____ DOB: _____

The term, "informed consent," means that the potential risks, benefits, and alternatives of therapy evaluation and treatment have been explained to me. The therapist provides a wide range of services, and I understand that I will receive information at the initial visit concerning the evaluation, treatment, and options available for my condition.

I understand I have been referred to therapy for evaluation and treatment of pelvic floor dysfunction. Pelvic floor dysfunctions include urinary or fecal incontinence, difficulty with bowel, bladder or sexual functions, painful scars after childbirth or surgery, persistent sacroiliac or low back pain or pelvic pain conditions.

As part of your evaluation and treatment for pelvic floor dysfunction, your therapist may initially and periodically perform an internal assessment of the pelvic floor muscles, assessing muscle tone, length, strength and endurance, scar mobility and function of the pelvic floor region. This examination is performed by observing and/or palpating the perineal region including the vagina and/or rectum. The findings will be discussed with you, and you will collaborate with your therapist to develop a treatment plan that is appropriate for you. Please discuss any concerns or hesitations that you may have with your therapist.

Treatment procedures for pelvic floor dysfunctions may include, without limitation, education, exercise, stimulation, ultrasound, and manual therapy techniques including massage, joint and soft tissue mobilization. The therapist will explain all the treatment procedures prior to performing, and you may choose not to participate in all or part of the treatment.

I understand that the benefits of the vaginal/rectal assessment have been explained to me. I understand that if I am uncomfortable with the assessment or treatment procedures AT ANY TIME, I will inform my therapist, and the procedure will be discontinued, and an alternative discussed with me.

I understand that no guarantees have been or can be provided to me regarding the success of therapy.

Potential Risk: You may experience an increase in your current level of pain or discomfort, or an aggravation of your existing injury. This discomfort is usually temporary. **I agree to contact my therapist if pain or discomfort does not subside in 1 to 3 days.**

You have the option to have a second person in the room for the pelvic floor muscle evaluation and treatment. The second person could be a friend, family member, or clinic staff member. Please indicate your preference with your initials:

_____ **YES**, I want a second person present during the pelvic floor muscle evaluation and treatment.

_____ **NO**, I do not want a second person during the pelvic floor muscle evaluation and treatment.

_____ I would like to discuss my options with my physical therapist prior to consenting.

By signing this form, I understand that treatment as indicated above may be necessary for effective treatment of my condition and all my questions have been answered to my satisfaction. I understand the risk, benefits, and alternative of the treatment.

I have read and understand the Informed Consent for Pelvic Floor Muscle Evaluation and Treatment, and I consent to the evaluation and treatment.

**If you are pregnant, have an infection of any kind, have vaginal dryness, are less than 6 weeks post-partum or post-surgery, have severe pelvic pain, sensitivity to creams, please inform the therapist prior to pelvic floor assessment.*
